

Health Outcomes Survey (HOS)

2021-2023 Cohort 24 Performance Measurement:

List of Participating MAOs

In January 2024, the Centers for Medicare & Medicaid Services (CMS) updated the list of Medicare Advantage Organizations (MAOs) to identify the MAO reporting units that would be included in the HOS Cohort 24 Performance Measurement analysis. The December 2023 *CMS Monthly Enrollment by Contract Report of Medicare Advantage/Part D Health Plans* available at the [CMS Website](#) and the August 2023 Health Plan Management System (HPMS) Contract List were used to create the following table, in order to accurately reflect the organization and product names associated with the Cohort 24 Performance Measurement reporting. Information in the table may have changed since December 2023.

The MAO table is sorted by state. A key to the table is included at the end of the section.

Reporting Unit	MAO Organization Name	MAO Product Name	MAO State	Plan Type
H0104	BLUE CROSS AND BLUE SHIELD OF ALABAMA	BLUE CROSS AND BLUE SHIELD OF ALABAMA	AL	Local PPO
H0154	VIVA HEALTH, INC.	VIVA MEDICARE	AL	HMO/HMOPOS

Key to the Table of Participating MAOs

Category	Abbreviation	Definition
PLAN TYPE	HMO/ HMOPOS	<p>Health Maintenance Organization (HMO)/Point of Service (POS)</p> <p>An HMO assumes the financial risks associated with providing medical services and the responsibility for health care delivery in a geographic area for HMO members, usually in return for a fixed, prepaid fee. Financial risks may be shared with providers participating in the HMO. A POS plan resembles an HMO for in-network services. Reimbursement for out-of-network providers is based on a fee schedule or customary and reasonable charges.</p>
	Local PPO	<p>Local Preferred Provider Organization (Local PPO)</p> <p>A PPO has a network of providers that have agreed to a contractually specified reimbursement for covered benefits with the organization offering the plan; provides for reimbursement for all covered benefits regardless of whether the benefits are provided within the network; and is offered by an organization that is not licensed or organized under state law as an HMO. Local PPOs serve the counties the PPO chooses to include in its service area.</p>
	Regional PPO	<p>Regional Preferred Provider Organization (Regional PPO)</p> <p>Regional PPOs serve one of 26 regions established by Medicare. These may be single-state or multi-state regions. The Regional PPO option was established to expand access to Medicare Advantage for beneficiaries living in rural areas.</p>
	PFFS	<p>Private Fee-for-Service (PFFS) Contract</p> <p>A PFFS contract is offered by a state licensed risk bearing entity that has a yearly contract with CMS to provide members with all their Medicare benefits plus any additional benefits the company decides to offer. Members can see any provider who is eligible to receive payment from Medicare and agrees to accept payment from the PFFS MAO.</p>
	1876 Cost	<p>1876 Cost Contract</p> <p>In 1876 Cost contracts, Medicare members are not restricted to the HMO or Competitive Medical Plan (CMP) for receipt of covered Medicare services. Enrollees may use the cost plan's network of providers or receive their health care services through Original Medicare. Medicare payment to the HMO/CMP is based on reasonable costs of providing services to the MAO members.</p>
	MSA	<p>Medical Savings Account (MSA) Contract</p> <p>An MSA contract combines a high-deductible health plan with a medical savings account. Enrollees of Medicare MSAs can initially use their savings accounts to help pay for health care, and then will have coverage through a high-deductible insurance plan once they reach their deductible. Medicare MSAs provide enrollees with more control over health care utilization, while still providing coverage against catastrophic health expenses.</p>

Category	Abbreviation	Definition
	MMP	<p>Medicare-Medicaid Plan (MMP)</p> <p>An MMP is a demonstration plan that coordinates benefits between the Federal Government and states to provide quality health care services to members who are enrolled in both the Medicare and Medicaid programs (Medicare-Medicaid enrollees) sometimes referred to as “dually eligible” individuals. The MMP enrollees experience high rates of chronic illness, with many having long-term care needs and social risk factors. The demonstration is an integrated care model with the goal of providing the full range of medical, behavioral health, and long-term services and supports for the dually eligible individuals, who often have complex and costly health care needs.</p>
STATE	AK – WV, DC, PR, VI FS, RS	<p>Two Letter State Abbreviation</p> <p>Typically, the plan state is determined at the MAO level and is assigned to the state in which an MAO is reported. The field may represent any of the 50 U.S. states of Alaska (AK) through West Virginia (WV), as well as the District of Columbia (DC), and U.S. territories of Puerto Rico (PR), and the Virgin Islands (VI).</p> <p>State Abbreviations for Regional PPO and PFFS Contracts</p> <p>Regional PPO and PFFS contracts, which may represent members from single-state or multi-state regions, are assigned unique state designations of RS for Regional PPOs or FS for PFFS contracts in the table. These MAOs are included in the national HOS performance measurement sample; however, they are not reported in any state or region numbers.</p>
